## HTFT Partnership's £499 Management Case Study **Resit** course

The CIMA Management Case Study exam requires students to create long form responses to case related questions, and this can prove daunting. In response, HTFT has created a robust **Management Case Study Resit** course that comprises downloadable case debriefs and introduction, 10 live online sessions, 3 online mock exams and 9 homework tests – **all for £499**.

### What you get with our Management Case Study product:

- We invite you to our Online Learning Community and to our Management level assumed knowledge group on our Online Learning Community so you can go through all of our P2, F2 and E2 content to brush up your knowledge
- We send out to you the CIMA approved Case Study text book
- We upload, into our MCS group, 3 debriefs of the CIMA pre-seen – one from a P2 perspective, one from an F2 perspective and one from an E2 perspective
- We provide an introductory recording for the August Management Case
- We upload 3 sets of notes – your Case applied to the E2, F2 and P2 syllabuses

### Course delivery

- We deliver the course as a series of 10 weekend morning/weekday evening live online sessions – that are recorded and then uploaded to the MCS group (for you to re-watch). The sessions focus on one pillar, i.e. F2, P2 or E2 and are delivered by specialist tutors
- We set 9 core homework's that we ask to be handed in for marking by your tutors, so you get ongoing feedback
- We set 3 online Mock exams that replicate the real CIMA Case Study exam – these are marked by us and sent back to you with comprehensive feedback
